Anaheim, CA 92804 Mrs. Walstrom |

*Each class will create their own Puzzle Piece #1 prior to beginning reading the book.

*Each class will create their own Puzzle Piece #6 after they finish reading the entire book.

*Classes may use any medium that they wish for the artwork on the puzzle pieces, however you do need to keep in mind that these pieces need to travel via mail.

*Please note that there is an arrow on the back of each puzzle piece indicating what direction is up – please keep this in mind as you design your puzzle pieces.

*Classes are free to emphasize any of the aspects of the literature that they wish – we do not want to be too limiting. Please include a written explanation of the artwork (including anything on the medium, style, etc. as well as literary emphasis) with each puzzle piece as you mail it.

*Be creative and have fun! It will be great to see many different styles and interpretations of the reading through this shared artwork experience!
